

WORK PROGRAMME 2024

What's in it for researchers?

**€350
million**

in funding for trans-national consortia
[minimum 2 partners] to:

- **develop** (EIC Pathfinder €256 million) and
- **commercialise** (EIC Transition €94 million) breakthrough technologies.

GRANTS

Pathfinder grants of up to **€4 million** to support early stage development of future technologies.

Transition grants up to **€2.5 million** to turn research results into innovation opportunities.

€50 000 booster grants to commercialise results and collaborate with other projects.

Interact with expert EIC Programme Managers and a community of Pathfinder projects, to **accelerate** research and **discover** innovation pathways.

Access leading advice and support to assess the innovation potential of research results.
